THE GEORGIA TRAGEDY.

Our telegraphic dispatches, on yesterday, throw full light on the recent bloody and lamentable affair at Camilla, Georgia. The facts in the case are these:

A large body of negroes, some three or four hundred in number, thoroughly armed, and with regular supplies of ammunition and rations, under the lead of one Pierce, a white Radical candidate for Congress, and one Murphy, a white Agent of the Freedmen's Bureau, resolved to march into the town of Camilla, with the avowed purpose of making hostile demonstrations.—The Governor of Georgia has recently issued a proclamation, ordering all armed organizations to disband, and commanding all civil officers to enforce that proclamation. The Sheriff of Mitchell county, accompanied by a deputation of three leading citizens, go out of town to meet the mob, expostulate with them and read the proclamation of the Governor. The mob persists in entering the town, thus armed and threatening; the Sheriff calls out a *posse of* [illegible] driven off with the loss of some fifty killed and wounded; and the law was vindicated. A Commission of gentlemen, including Northern men, were sent by Major Howard, Commissioner of the Freedmen's Bureau, to investigate the matter, and they report the foregoing *as the facts*. The Legislature of Georgia, by an almost unanimous vote, after hearing sworn testimony, endorse the report of the Commission, though the Radical "Governor," in the teeth of his own proclamation, seeks to make party capital out of the transaction.

We have no feelings save those of pity for the poor negroes who were thus deluded into resistance of law and led to slaughter by the white scoundrels, Pierce and Murphy. We hear, with satisfaction, that both of the latter were seriously wounded. They should have been made the first object of onslaught, as a warning to similar dangerous villains. Upon their heads, and upon the shoulders of the Radical party in Georgia, lie all the blood of these poor negroes and the guilt of this incendiary resistance to law and attempt to murder.

In the face of these unvarnished facts, fellow citizens of North Carolina, "*Gov. Holden's organ* in this city says that the "war (which it has been striving to bring on) has commenced," and calls upon the negroes to "*get ready!*" Great God! What a fiend!

SEYMOUR AND BLAIR IN NASH.

A Seymour and Blair Club was formed in District No. 2, (Collins',) in Nash county, on Friday, the 18th. inst. A number of colored voters gave in their names.

Henry G. Leonard was elected President of the Club, and James V. Bunting, Secretary.

The Conservatives and Democrats of Hunt's X Roads had a glorious meeting on Saturday, the 19th. inst. Besides a general turn-out of the people in the vicinity, there were many present from Franklin county.—The meeting was called to order by appointing G. R. Marshburn, Chairman, and W. G. Wheless, Secretary. An eloquent and able speech was then made by Sam'l. T. Williams, Esq., of Granville, who was present by previous invitation. Mr. W., in the conclusion of his remarks, took occasion to endorse, most cordially, the nomination, for Congress, of Hon. S. H. Rogers, of Wake, and made strong appeals to his Nash friends to rally to his support.

THE "MORAL IDEAS" PARTY.—We learn from the Wilmington *Journal*, that the Radicals at Lumberton, Robeson county, have had a big row. *Proctor*, whose real name is Knock, has been turned out of the Registr's office by *Sinclair*, who has ascertained that P. is a murderer, a bigamist, and has never been naturalized. He will also be turned out of the Legislature when it meets, if he does the music, which is very doubtful. Nearly all the white populationhave quit the party, and some of the colored also. Our correspondent thinks the prospects are brightening in Robeson county."

THE FIENDISH PURPOSE OF THE RADICAL LEADERS IN THIS CITY!—DELIBERATE EFFORTS TO PROVOKE VIOLENCE AND BLOODSHED!

The manifest tendency of Radicalism is to the total subversion of the Constitution, the overthrow of free government, and the establishment of general anarchy, and, eventually, of a Military Despotism. This is bad enough, and ought to arouse the good people throughout the land to strike for right and their country. But when we consider the vile and fiendish means used repeatedly by the Radical leaders in the South, to accomplish their purposes, the heart sickens and belief is staggered. The means used here are so unnatural, savage and fiendish, that persons abroad cannot credit what we, unhappily, know to be facts.

One of the chief means used, since the war, of preventing the popular mind at the North from quieting down to a peaceful temper, has been to make the people there believe that the war still rages in the South, and that the "friends of the Union" and negroes are unsafe. To accomplish this effectually, no efforts have been spared, on the part of unprincipled men, to excite riots among the negroes in such way as to involve the white people, and then to misrepresent facts and misinform the popular mind at the North. It has become a settled policy of the Radical leaders in the South, to provoke disturbance and bloodshed, and then cry out to the North that the "rebels are still making war on Union men and negroes!"

For months past, the Radical paper in this city, the *Standard*, has indulged in the most wicked, infidel and incendiary appeals to the negroes to assassinate the white people, to rob them of their property and burn their houses. To show this, we give the following extract from that paper. Many others of worse temper and purport might be produced:

"Something must be done. The law of self preservation must necessarily be obeyed. Something must be done at all hazards; but the more quietly and peaceably it can be done, so much the better. The question then is, can there be any remedy under the forms of law? We think so, unquestionably. Of course it is not to be supposed that men and women and children will starve to death, while corn is still standing in the fields and while hogs and cattle are not kept under lock and key! But these are matters of minor importance and are to be expected, however much the necessity may be deplored. What we mean is, that there is one efficient remedy for this wholesale crusade of oppression carried on against the colored race to starve him into voting against his choice. The remedy is this:

Whenever the Republicans have control of a county, let a meeting of the Commissioners be called at once. Let them make out a list of all the colored stone-masons, brick layers, plasterers, painters and carpenters. Then let them select a site of sufficient dimensions for a village of from five to fifteen hundred colored paupers as the case may be. The work itself will give employment to a considerable number of persons and some time will be required to complete it. Then let the county paupers be moved in and be provided with houses and food at the expense of those who have made them paupers. Let them work on, and the large land holders are much rarer. This tax will fall lightly upon the great mass of the people, while the oppressive land holder will be compelled to throw his broad acres upon the market to raise money to pay the taxes. And in addition to this, let the Legislature deprive these exacting tyrants of the benefits of the stay law and compel them to pay their debts. Pass their lands under the Sheriff's hammer and give the poor a chance to buy land."

To give weight and countenance to the teachings of this paper, the Radical members of the Legislature issued an address, mainly addressed to the negroes, in which the negro is plainly given to understand that he ought to outrage the white people. Here is an extract from that address. Just read it:

"Did it never occur to you, ye gentlemen of education, property and character, ye men and especially ye women, who never received anything from these colored people, but services, kindness and protection—did it never occur to you, that these same people, who are so very bad, will not be willing to sleep in the cold, when your houses are denied them, merely because they will not vote as you do? That they may not be willing to starve while they are willing to work for bread? Did it never occur to you that revenge, which is so sweet to you, may be as sweet to them? Hear us, if nothing else you will hear, did it never occur to you that if you kill their children with hunger, they will kill your children with fear? Did it never occur to you, that if you good people maliciously determine that they shall have no shelter, they may determine that you shall have no shelter?"

Leading Radical speakers do likewise.—The son of the man "who writes himself Governor" of this State, and the Speaker of the lower branch of the Legislature, is charged with having, in a late address to a large crowd of excited negroes, implored the God of *Turpentine* upon the houses of the rebels, (he means that all are "rebels" who are not Radicals,) and advised the negroes to go to the election armed to the teeth. He denies this, but our informants are positive in their affirmation that he did use the language. John T. Deweese, the carpet-bag member of Congress from this District, has often made incendiary speeches. Scalawags and "carpet baggers" of low degree have uniformly taught the negroes to be insulting; and insolence, on the part of the negroes, has become rife and in many localities intolerable.

Then, again, negroes have, at great expense and trouble, been brought together in great numbers for the avowed purpose of over-awing and alarming the white people, as in the case of the late negro mass meeting in this City, to which thousands of negroes came and less than a hundred white men, though the white Radicals were implored to come.

All this and much more has been done by white negro-leaders, to provoke the white people to violence, and to the end that the so-called Governor might have a shadow of pretext for organizing his *Radical army*, authorized by the Radicals in the Legislature, at its late session, and for sending up a renewed howl to the Northern people, to the effect that the "rebels" have broken out again, and that "Union men" and negroes are not safe, and thereby influence the elections in the Northern States.

But for the sake of *Peace*, our people, always law-abiding and peaceful, have submitted quietly, under the circumstances, to these savage and fiendish teachings and outrages, rather than offer the slightest pretence for such action, on the part of this "Governor" and his fit associates.

Finding all efforts to provoke riot in vain, what is the last resort? Why to make a vile, obscene, corrupt and wicked assault upon the fair fame and spotless virtue of Southern women,—an assault that is without a parallel in all the black and sickening records of loathsome crime and infamy,—one that the demons in the Inferno would scorn to make. We re-produce the following extract from the *Standard*, of Saturday last:

"But wherever else you work, don't forget to work among the women. The Confederacy wouldn't have lasted a year if it hadn't been for them. One good rebel woman is worth a dozen rebel men. Gasalter the women then. They will make their husbands and their lovers shout for Grant and Colfax until they are hoarse, if you will manage to replace some of the diamond rings and laces Frank Blair stole from them when he was here. And don't hesitate to throw your arms around their necks now and then, *when their husbands are not around and give them a good——! They all like it*, and the Yankee or you are the better it takes. Our experience with female rebels is, that with all their sins they have a vast amount of human nature, and only want to have it appreciated—to be the most loving creatures imaginable. Scalawags and carpet-baggers! don't fail, therefore, as you canvass the State, to look after the women. You are all good looking, and they know it, but with native modesty, like sweet New England girls, they like to be approached first. Don't be afraid of their eyes—they glare like young leopards by day light, *but under the moon no blue death strick a fawn's is half so tender or half so deep*. Don't read Judge Pearson's letter to them, but give them Byron and Shelly in volumes, *and you will have them in your arms*, if not in your party, in less than a week."

Has this a parallel? Was the like of it ever seen or heard of before? In the dark and hopeless regions of the lower pit, no parallel can be found for it! And is it not intolerable?

It was not intended that it *should* be borne; it was done deliberately, and on purpose, to accomplish what all else had failed to accomplish; it was done for the express purpose of provoking the white people to assault and destroy the *Standard* office, and do violence to the authors of this more than fiendish composition. That was the purpose, as we have reason to believe. The article was written by a cowardly wretch, with the knowledge and approval, perhaps, of some of the Radical leaders. Else, why, when the author had resolved to try to explain and apologize for this outrage, did Radical *leaders* interpose to prevent him from doing so? *The Radical party are responsible for this vile assault*, and it was done for the purpose, and to the end, herein stated.

And we here hold that [illegible] any sense of humanity remaining; to the loathing of the very dogs and the disgust even of demons!

People of the North, and everywhere! we call upon you to look upon these types of Radicalism! Behold these moral lepers: these loathsome wrecches, steeped and black with the most horrible malignity! Let them be cast out as accursed!

Can any man, white or black, believe any thing that may come from so filthy and lying a paper? SURELY NOT, AFTER THIS!

[Correspondence of the Sentinel.]

ANOTHER RADICAL INFAMY!—HOLDEN AND THE CORPORATIONS!

CHARLOTTE, Sept. 22.

Dear Sirs:—A quiet, clever citizen of our town made application, a few days ago, to the Mayor and Aldermen, for the authority to widen a street. The application was peremptorily refused, and the applicant was informed that Gov. Holden had *ordered* them to *show no favor to rebels!* So, it seems, that Holden governs our corporations, and the suppliant cars, whom he has appointed, submit to his dictation in all things! Justice and the public good are made subordinate to party measures. Was ever the like known since the world was made?—No doubt similar instructions have been issued to the magistrates and Judges, who will administer *Holden Radicalism* to the people, instead of justice and the law.

HOW LONG will the vengeance of the people sleep? The men who make laws to punish their adversaries for any attempt *at a choice, in private life*, between patronizing friends or foes, these men proscribe the political opponents, even in the Courts of Justice! If the farmers and land owners don't protect themselves now, they may give up their property and, their country! With every power in the State used to destroy them—even the heretofore sacred Courts of justice converted into mere instruments of party proscription,—they will deserve to lose their liberties, if they don't retaliate with all their power, notwithstanding that 90 Legislators, a U. S. Senator and a Supreme Court Judge solemnly advise the negroes to steal our stock, to burn our houses and murder our women and children, in case we refuse to feed the men who destroy us!

Yours, &c.

For the Sentinel.

In the *Standard* of the 15th. inst., there is an article headed "Colored Democratic Gentlemen," in which are the following words:

"Ramsey's hotel, in Pittsboro', had the honor of entertaining these black Judas Iscariots."

Every word of this is a LIE. I will state, however, that there is no negro in North Carolina, that I would not feel honored in entertaining, in preference to any one of the Editors of the *Standard*, or any person, no matter who he may be, or where he may come from, that endorses the *Standard*—particularly in its editorial on "WORK," in the issue of the 19th. inst.

N. A. RAMSEY.

PITTSBORO', Sept. 22, 1868.

The entire Democratic ticket was elected by an overwhelming majority at the charter election in Orangeburg, S. C., on the 14th. inst. Fully one-half the blacks voted the Democratic ticket. The election passed off without a single disturbance. The town marshal was the only police officer on the ground, and there was no occasion for his services.

The Constitution and the Union—The Only Hope of Civil Liberty.

The following extract of a letter from Hon. John Quincy Adams, of Massachusetts, accepting the nomination of the State Democratic Convention, as their candidate for Governor, contains words of truth and soberness. It is clear, broad and suggestive. Read it:

"I think that there are two matters of national interest involved in this election, one of which is important, the other *vital*. The former, which I take to be the financial question, was not treated by the National Convention in New York in a manner which satisfied my judgment. By providing for a payment of the bonds known as five twenties by surplus revenue alone, thus ignoring what seems to me the valuable part of Mr. Pendleton's plan, a withdrawal of the issues of the National Banks, the Democratic party appeared to commit themselves to an indefinite extension of the intolerable nuisance of an unredeemable paper currency. I am too much of a Democrat to regard any such prospect with patience. I believe in hard money, and therein I hold myself to be a true Jacksonian Democrat. This dishonored paper which we are all compelled, as I think, unconstitutionally, to accept as money, is not only a standing disgrace to the nation, but it is destroying the ancient habits of economy and thrift, and undermining our old fashioned honest ideas by the constant spectacle and example of an insolvent Government. It lays upon the poor man a burden heavier than he can bear. It injures trade, commerce, and all productive industry each year more than the whole sum of doubtful gain which might accrue from cancelling our debts by promises to pay which we do not redeem. If persisted in, I think it must result in repudiation and bankruptcy. In that event the responsibility will rest primarily with the party which made the notes and then refused, when they had the power, to make them good, and next with the Democracy, if they are tempted to follow that bad lead. It is with peculiar pleasure, therefore, that I read your demand for a sound and honest currency. But even if I differed with you on this subject, and saw my relief in the party chiefly responsible for our present deplorable financial condition, I regard the second or vital question of such moment, that my political action would be governed by the attitude of the opposing parties in reference to that alone. The issue which, in my mind, dwarfs all others is, shall the Constitution or shall a party mandate be the supreme law of the land? Fidelity to the Constitution should be the final test of political affiliation to-day. But to act with the party which has ruled the country with supreme dominion for three years past, I must agree with them that the Constitution contemplated an ultimate absorption of the most important functions of the Executive Department by Congress; that its fair construction will authorize that body to wrest from the Judiciary Department the jurisdiction in cases where its judgment upon constitutional questions of the first magnitude may possibly conflict with that of a majority therein; I must stand ready to fix my name to a declaration of political faith which expressly makes approval of the impeachment of the President a test of party fellowship; and, finally, I must be able to say upon my conscience that I consider "reconstruction," for the sake of which all this and much more has been done, is wise, statesmanlike and constitutional. Now, I have always thought with Mr. Seward, that the wisest way to treat the wounds left by the war was to let them heal "by first intention." But "reconstruction" has torn them open day by day, until they are now a mass of well nigh [illegible] Southern leaders the task of bringing their people back into the Union by frankly and confidently offering to them, the day they laid down their arms, the right hand of oblivion of the past and reconciliation in the future, which they might have if they wished or dared. "Reconstruction" has scorned their proteats, repelled their misery, and inflicted on them an abasement which they felt to be intolerable, in posting over them their slaves of yesterday to secure their pledge of submission to the Constitution. But for this ungenerous and suspicious policy, I believe we might now have been a truly united people, the Southern white reconciled to the inevitable, the negro secure in his civil rights, and attaining political privileges as he grew fit to use them wisely, and the North ennobled by a victory more noble than any feat of arms—the conquest of its own passions. I will not argue the unconstitutionality of "reconstruction." The almost unanimous disinclination of the Republicans in Congress to allow it to undergo the scrutiny of the Supreme Court, would seem to confirm the reported statement of the lamented Stevens, "that only two damned fools in the party believed the Reconstruction acts to be constitutional." Even if they were so, I should deem them newise. The Union they impose is to my eyes no more like a true union of hearts and hands than a galvanized corpse resembles a healthy man. All the doings of men are governed by the laws of nature. The attempt to subordinate the trained and able classes of white landholders at the South to the poor, ignorant, debased, and landless freedmen, is one of those futile struggles to repeal God's law by statute with which history abounds. It must fail, but if is of great moment that it should be stopped at once. Every day it lasts it is encouraging false hopes in the negro and rendering a resumption of a true relation between the blacks and whites more difficult. I think that neither the instincts nor the destiny of this people will allow any permanent domination to the African race in any State of the Union. But the Republican party is irrevocably pledged to this idea. They have staked their existence as a party on its triumph. To this idol they sacrificed their constitutional obligations in the past, and for it they must find fresh offerings in the future. The blacks must have lands and arms and a standing army to maintain them in their false position.—They are clamoring for them now, and the United States must furnish them. The path upon which Congress has entered permits of no halt, and retreat is ruin. In my opinion we must begin anew; taking the Constitution for our guide and natural laws for our limitations. It is true that the Democratic party in success may violate the pledges of adversity, and again subvert the organic law. The teachings and the practices of Radicalism have destroyed much of the old reverence for the precious legacy of our ancestors. We may dread lest they should do this thing, but we do certainly know that the Republican party has already done it. At least it is a chance—a last chance of salvation. If that fails us—if we submit to the whims of a majority, without appeal, it matters but little to me whether it rejoices in the name of Republican or delights in the title of Democrat. If a party in the nation may constitute itself the sole arbiter of the constitutionality of its own measures, then secession was illegal only because it was not the act of a majority.—The battle is between Congress and the Constitution. For my part, I am for the Constitution. Holding these opinions, I shall act with the Democratic party so long as it is the party of the Constitution.

I am, sir, with great respect,
Your friend and servant,
JOHN Q. ADAMS.

WE HAVE received an interesting account of the late enthusiastic meeting at Mangum's Store, in Orange, and of other matters in that county. It shall appear.

THANKS to our friend, F. S. Johnston, of Davie, for a club of *thirty seven* subscribers to the *Sentinel*.

THANKS to M. K. Crawford, Esq., of Wayne for a Club of subscribers to the *Sentinel*.

J. C. CALLAHAN, carpet-bag Clerk elect of the Superior Court of Cumberland, having failed to give bond within the time given by special act of the mongrel Legislature, the office is vacant. The appointment now devolves upon Judge Buxton.

CALL FOR MELISH.—On Tuesday morning last, while Mr. Wm. Gray, a weak and feeble man and unoffending citizen, was quietly standing at the corner of one of the streets of Charlotte, he was approached by F. W. Ahrens, a burly Revenue Collector, who struck him with a heavy stick. The *Times* says that a more cowardly and disgraceful act never occurred in that city.

WE HAVE not heard of any decent white Republican, or of any respectable colored man, who does not join with this community in the universal denunciation of the *Standard*, and its Editors, for the recent brutal attack upon the ladies of North Carolina. Forbearance and discretion under the provocation alone prevent punishment.—We hope this forbearance will continue to be exercised.

WE ARE pleased to see that Wm. Stedman, Esq., formerly of this State and City, is the Democratic candidate for Congress in the First District of Texas. He is a gentleman of fine ability and has many friends in North Carolina.

BROWNLOW'S revolutionary militia proclamation has created a fever of excitement—*The Raleigh* denounce it as impolitic, and the Democrats declare it revolutionary, and all parties are dissatisfied, claiming that the President's assurance of Federal protection was ample, and that the proclamation would only provoke riot and bloodshed—His recommendations to both whites and blacks to organize in unlimited numbers is being carried out. Nashville is full of negroes, who are armed and drilling, and a war of races it is feared, must ensue. All is excitement and confusion. If Holden persists in his malignant and crazy imitation of Brownlow, we shall soon have the same deplorable and terrible condition of things here.

The negroes expelled from the Georgia Legislature have formed themselves into an association called the "Civil and Political Rights Association," and have issued a call for a State Convention of colored citizens to be held in Macon on the first Tuesday in October.

A carpet-bagger in the Louisiana Legislature thought to speculate in cotton lands. He was bitten his plantation turning out worthless; and so, being intensely loyal, procured the removal of the p rish seat to a factitious town which he locates right in the centre of his lands. Nothing pays like patriotism, after all.

A CARD.

It having been circulated through the *Sentinel* and copied by other public journals, that Col. C. L. Harris had contracted for furnishing the "Insane Asylum of North Carolina" with one thousand cords of wood at four dollars per cord, while Mr. J. H. Moore former Steward, had been able to purchase at three dollars per cord, justice to all parties and to the public requires a statement of the facts.

On assuming the Superintendency, report was made to me by those engaged in the engineering department, that the wood on hand being to a great extent green old-field pine was of inferior quality, and unfit for immediate use. On conversation with Mr. Moore it was agreed with the consent of the Board of Supervisors to advertise for proposals to furnish 1000 cords of pine wood of original growth, cut eight feet long and split to the usual size, without small or crook d limbs, and c rded and measured on the Asylum grounds.'

Col. Harris proposed, and the Board authorized me to close the contract with him without delay, which I did at $3.50 per cord.

I beg leave to call attention to the following certificates of Mr. James Duffy for a number of years the fireman, and Mr. John F. Carfman, the gentlemanly and intelligent engineer.

EUGENE GRISSOM.

I certify that the greater portion of wood on hand when Dr. Grissom came was, when delivered, green old-field pine, and in bad condition at present—hardly fit for use the coming winter for engineering purposes.

JAS. DUFFY.

I hereby certify that pine wood of an original growth clear of crooked limbs and knots, is worth for our purposes one dollar more in the cord than old field pine.

JNO. F. CURFMAN.
Engineer.

REMARKS.—What the *Sentinel* stated, *upon the authority of Mr. Moore*, will be sworn to, if necessary, by him. Dr. Fisher was cognizant of the facts stated by Mr. Moore as to the prices paid by the Institution for beef and wood, and he will vouch for their correctness.

What the *Sentinel* stated, as to the contract of Mr. C. L. Harris to furnish 1000 cords of wood for $4,000, we stated upon the authority of others, which they believed to be correct. The gentleman, who was furnishing the Institution with wood at the time, told us that he was ready to contract to deliver the wood at $3,00 per cord.

Mr. Moore stated to us that it had been agreed between Dr. Grissom and himself to publish a notice to contractors for the wood. That notice was never published, so far as we know. It is very probable, that an afterthough', when the matter was made public, led to another contract with Mr. Harris for $3,50. Is not Mr. Harris furnishing wood to the State at higher prices than can be contracted for, if the Secretary of State were to publish proposals for furnishing wood?

Is not the Institution for the Deaf, the Dumb and the Blind buying oak wood at $2,75, delivered at the Depot? The cost of hauling wood from the depot to any place is 50 cents per cord. So that that Institution can get wood, at most, for $3,25 per cord.

Mr. Harris is a salaried officer of the State government, and he occupies a *sinecure*. There is no earthly necessity for his office, and he cannot find $500 worth of work in it for a year. Being a salaried officer, we submit that he ought not to be a government contractor, at least unless he fairly obtains a contract, after the public has had a fair opportunity to bid for the same.

THE BRUTAL INSULT TO THE LADIES OF NORTH CAROLINA—REPUBLICANS DENOUNCING THE DOG—INDIGNATION MEETINGS.

LEXINGTON, N. C., Sept. 22, 1868.

Messrs. Editors:—By permission, I enclose you a copy of a letter, addressed by the writer to the editors of the *Standard*. It speaks for itself. The writer is an honest Republican, and is Clerk of our Court and Judge of Probate. I am happy to inform you that the writer reflects the sentiments, as far as I can learn, of *all* the Republicans in this community. There will be an indignation meeting held here, to night and to-morrow, *irrespective of party*, to denounce the vile slanderer of our noble women.—You will get the points.

Yours truly,

DAVIDSON.

LEXINGTON, N. C., Sept. 22, 1868.

Messrs. N. Paige & Co:—You will please discontinue the *Standard* to my address, as I cannot acquiesce with a paper that contains such abuses upon the female sex of the Old North State, as your editorial of the 19th. inst., under the head of "Work." I claim to be a Republican from principle, and cannot stand such reflections to be cast upon my wife and sisters.

Respectfully,

L. E JOHNSON.

P. S. The above is the sentiment of the Republicans of this community.

OHIO—HOW IT LOOKS AT COLUMBUS.

COLUMBUS, Ohio, Sept. 17.

We have advices from all parts of the State, which make assurance doubly sure that Ohio will give a Democratic majority in October, and then go for Seymour and Blair in November.

OPENING OF THE CONGRESSIONAL CAMPAIGN.—We are requested by Judge David A. Barnes, our candidate for Congress, to announce that he will open the campaign at Enfield, on Wednesday next, the 23rd inst., from which place he will go to Scotland Neck, where he will speak on the Friday following, the 25th inst. He will be at Rich Square, Northampton, on Saturday, the 26th inst. He desires the friends of the cause to give notice of the same at the places designated.

He has notified his two opponents of his appointments, and invited them to meet him. We hope they will, but do not expect it, as they do not desire a fair campaign.—*Weldon News.*

PITT COUNTY.—Our information from Pitt county is especially gratifying. A private letter informs us that great inroads have been made in the Radical party organization. The colored people are joining Democratic Clubs in cons derable numbers. No precinct in the county is without a Seymour and Blair Club. The organization of the party and the enthusiasm of the people were never so thorough and earnest in any former political campaign. Our reports lead us to hope that the county will give a majority for the Democracy.—*Wil. Journal*

SEYMOUR AND BLAIR IN GRANVILLE.

TOWNSVILLE, GRANVILLE Co., N. C., September 12, 1868.

MESSRS. EDITORS:—That you may know that the Democratic and Conservative masses in this end of Granville are working with the harness properly adjusted, in this hour of their country's need, I send you a sketch of the organization and progress of the Seymour and Blair Clubs of Townsville, which organization was effected on the 29th. of August. For its Constitution and By Laws, it unanimously adopted those recommended by the *Sentinel*, together with the following:

Resolved, That the members of this Club pledge their word and sacred honor not to employ, after the 25th. of December next, any person, white or black, who shall, at the Presidential or other election, vote the Radical ticket.

The Club organized with the following officers: President, H. B. Eates; Vice Presidents, W. M. Sneed, Jr., S. C. Morton and Junius Garland, colored; Recording Secretary, Thos. H. Marrow; Corresponding Secretary, Dr. W. R. Wilson; Treasurer, Wm. H. Boyd; Executive Board, C. H. K. Taylor, Jas. R. Alston, J. M. B. Hunt, Jno. Hargrove and J. J. Cheatham.

At this meeting the people did not turn out in force, though we organized a Club of fifty eight, *eleven* of whom were Freedmen. At that meeting the Club decided to have a grand mass meeting and barbecue, in Townsville, on the 12th Sept. to day. And to-day the Democratic and Conservative people were out *en masse*, (and just here permit me to remind you that we have no *white man* in our district so lost to decency and self-respect as to advocate the cause of a man for President who has "no policy of his own,") and for three hours listened to an able, eloquent and effective speech from Col. W. A. Jenkins, of Warren, who well deserves the *nom de plume* which he has so worthily won—that of the "Eagle Orator." Col. Jenkins made an earnest and most effective appeal to the large number of freedmen who were present; and handled "without gloves" the miserable carpet-baggers and despicable scalawags who seek to inflame the passions and prejudices of the deluded freedmen against their old masters.—At the conclusion of Col. Jenkins' speech dinner was announced, and I can assure you the vast crowd did ample justice to the very excellent barbecue which had been prepared under the superintendence of Capt. Bennett.

After dinner, Col. J. T. Littlejohn, of Oxford, entertained the crowd until late in the afternoon, with one of his happiest efforts. One of the features of the day was a large delegation of Democratic and Conservative Freedmen, from Mecklenburg Va., who stated that they were denied the privilege of voting at home. Yet, they knew no State lines in this contest, and had come to cheer with their presence, and if necessary with their voices, their brother Freedmen on to a glorious Democratic victory in November.

To day some twelve or fifteen Freedmen, (most of them once members of the "Loil League,) renounced their faith in Radicalism, and enrolled themselves along side of the decent and respectable men of the country, under the Democratic banner.—Many of the more timid Leaguers say they cannot give their names to the Democratic Club books, but will not vote against us in the November election. If the people throughout the State do their duty as well as the people of this District, a large Democratic majority will be the result of the November election, and if Seymour and Blair are elected, we may with confidence expect the Commonwealth of North Carolina once more to occupy that place of honor and dignity among the sisterhood of sovereign States, which is so necessary to prosperity, peace and happiness. O.

"KEY NOTES OF DESPAIR."

A few weeks ago, when Mr. G. H. Pendleton was recalled to Ohio because it was desired he should fill some appointments there, the Radical organs blazed with headlines announcing the fact as a "key-note of despair" on the part of the Democrats of Ohio. Mr. Pendleton has since been making speeches in Missouri, and is now engaged in the canvass in Illinois; but what have the Radicals to say of the following "key-note of despair" from their own side?

"CARBONDALE, Ill., Aug. 26, 1868.

Hon. Galusha A. Grow:

My Dear Sir,—Since my return from the East I find our people unwilling for me to leave the West. Indiana, like Pennsylvania, requires *work*, and I have agreed to fill appointments already made for me till October 12th. I regret that I cannot help you as I had intended.

Respectfully, JOHN A. LOGAN."

"CANASTOGA, N. Y., Sept. 8, 1868.

Hon. Galusha A. Grow, Philadelphia:

Sir,—Since writing yesterday I find I cannot possibly go to Pennsylvania.

B. F. BUTLER."

Some one else seems to be in distress *now. Nat. Intel.*

MORE DEMOCRATIC VICTORIES IN ILLINOIS.—On the 12th of September, in addition to the victory in Kansas City, the Democrats of Jackson county, in the lively elections for school directors, carried Westport by seventy-seven majority, and Independence by eighty majority.

They say that Brownlow affects to be several years younger than he is. He doesn't wish to be thought an old man. He is ambitious to be considered the "Old Boy."

The New York *Times*, referring to a couple of campaign biographies of its candidates, involuntarily exclaims in vigorous *Tribune* phrase: "Two volumes *lie* before us."

Two hundred dollars were paid for a single vote in Augusta, Me., by the Radicals. They were lucky to have the money to give. It was different with the Democrats.

FATAL SHOOTING AFFAIR IN FAYETTEVILLE.

The town of Fayetteville was thrown into a state of mingled gloom and excitement on Friday afternoon last by one of the most unfortunate occurrences that that good old town has ever witnessed. A shooting affair took place at the Fayetteville Hotel between Mr. R. W. Steadman and Dr. W. H. Morrow, which resulted in the death of both parties. Politics was the main spring of this action. Mr. Steadman being a warm Democrat and Dr. Morrow, though formerly a Surgeon in the Confederate army, a native North Carolina Radical—one who had taken the test oath—and who held the position of a United States Deputy Marshal.

The facts of this affair, which we have derived from an authentic source, are these: Both Mr. Steadman and Dr. Morrow were at Jonesboro' on Friday to hear the discussion between Cols. McKoy and Dockery, the Democratic and Radical candidates for Congress from this District. While returning on the cars to Fayetteville they became engaged in an altercation, during which Dr. Morrow either drew, or threatened to draw, a pistol. Mr. Steadman was unarmed, and remarked the fact at the time. Nothing more then came of the affair until after their arrival in Fayetteville. Mr. Steadman, it seems, armed himself with a pistol, and after proceeding quietly up the street until he arrived at the Fayetteville Hotel, he there chanced to meet Dr Morrow, who, immediately on Mr. Steadman's approach, drew his pistol. Mr. S then in return drew his weapon, and while Dr. M was still in the act of aiming, fired the ball enter ng the body of his antagonist just below the heart. Dr. M, then fell to the floor, but raised himself up to fire. Three shots each were exchanged, the second shot fired by Mr. S. taking effect in his antagonist's right side and the third missing him altogether. The first two shots fired by Dr. M. missed the object enti ely—the third, however, passed through the right lung of Mr. S., who, after receiving his wound, turned upon his heel and walked of several paces, when he staggered and would have fallen, but was caught by some one standing near. He was then taken in the Hotel and died in about fifteen minutes.—Dr. Morrow lived un il the following morning, when he also died.

The affair of course could not transpire without excitement. A leading Radical negro in the crowd, named Jim Bowman, was heard to remark that this was "but the beginning of what was to come." S eing that he was treading on dangerous ground, he took care to retire rather hurriedly.

Mr. Steadman was a native of Fayetteville, and much esteemed by those who knew him, being a man whose high sense of honor and cool personal coura e gained for him great respect. His courage during the war was such as to give a reputation to any man. At the Bethel fight he killed the first Federal soldier known to have fallen in the war.—Afterwards at Batt ry Wagner, while in Capt. Ramsey's Company, 51st N. C. Troops, he prominently distinguished himself. During the bombardment at that point, on one occasion he loaded and fired a gun twice unaided and alone after it had been deserted by the gunners. Still later at the Wilderness in Virginia, seeing a light piece of artillery upon the field between our lines and the enemy, the horses to which had been killed, and the gun forsaken by the c nnoneers, he called for volunteers, headed the squad he was thus enabled to form and under the most galling fire brought the piece off in safety. For this act he was personally complimented by Gen. A. P. Hill his corps commander, and other of his superior officers.—Thes are prominent among his many distinguished and meritorious acts as a soldier.

Dr. Morrow was a native of Chapel Hill, and served as a Surgeon in the Confeder te army throughout the war, but, by afterwards apostatizing himself in pursuing the political course that he did and taking the test oath, lost the respect of his former friends and all decent men. We have taken some pains to arrive at a true statement of the case, and publish the facts as they are, in order to guard the people against any misrepresenta ions th t may be made.

Our Afternoon Dispatches.

FROM WASHINGTON.

WASHINGTON, Sept. 23, M.

The argument on the special plea in the Surratt case is still progressing. Riddle, for the prosecution, argues that the Act of Congress, of January 19th, 1867, nullifies the President's suspending power, and, further, that if the proclamation is potent, Surratt is within its exceptions.

Nothing official from Maine. The result will not vary much from eighteen thousand, five hundred majority.

ANOTHER RADICAL RIOT—GRANT AND PEACE!

NEW ORLEANS, Sept. 23, M.

Trouble last night originated from a man on the sidewalk shouting for Seymour and Blair, as the rear of a Radical procession passed, shouting for Grant and Colfax.

The negroes in the procession rushed for the man who shouted for Seymour and Blair, who took refuge in a Confectionery Store, corner of Canal and Bourbon Sts. The attendants commenced closing, when the negroes demolished the glass windows and doors indiscriminately. Then some firing commenced, when the negroes ran, but returned, when they became involved in a row with a portion of a white Club. Several of the latter were hurt. The white Club were unarmed, except with their torches.

The negroes then spread through the second district, demolishing the windows of the Confectionery, corner of Rampit and Peter Streets, which they also attacked and set fire to, pouring oil from their torches over the wood work, and setting fire to the building, which was saved by the timely arrival of Policemen. One negro killed, so far as ascertained, and a number of both colors wounded. Several Policemen were slightly injured.

But little unusual excitement this morning.

FOREIGN.

MADRID, Sept. 23, 1868.

This morning's Madrid *Gazette* announces that a revolt occurred at Cadiz and Saville. The government has formed an army into three great divisions, comprising Catalonia, Castile and Alusia, under Generals Perzulla, Manuel Concha and Novalex.

These Generals decided to attack the insurgents in the rural districts. The commandant of Madrid forbids assemblages in the city.

The strength of the insurgents is fourteen thousand soldiers, fifteen thousand sailors and eleven ships of war. The Revolt progresses at all points. Isabella left San Sabrastion, at midnight, on the 21st., for Madrid.

Our Midnight Dispatches.

FROM WASHINGTON.

WASHINGTON, Sept 23, P. M.

The Judge sustained the potency of the President's amnesty proclamation, but rejected the special plea, saying that it does not appear, from the record, that the prisoner adhered to the enemy, or that he committed treason, and, therefore, he does not come within the proclamation. The offense is a misdemeanor, and is not covered by the terms of the proclamation. He, for these reasons, sustained the demurrer. The defence asked leave to amend their plea, and the Court adjourned.

General Meade is here and had an interview with the President. Schofield instructed Meade to proceed at once to his headquarters. Meade departs this evening.

General Reynolds reports from Austin, Texas, that a detachme nt of the 9th Cavalry, from Fort Davis, overtook two hundred Indians, and killed thirty, wounded thirty, rescued ten captives, captured two hundred animals, and destroyed the Indian camp and winter supplies.

General Hatch, Bureau Commissioner for Louisiana, is here. He had interviews with Schofield and Howard.

Revenue to-day, $263,000.

FROM GEORGIA—THE LEGISLATURE.

ATLANTA, Sept. 23, P. M.

The Senate took up the Augusta vetoed Municipal election bill, and passed it over the veto.

In the House, Bryant, a Republican, moved to reconsider the action of the House, on yesterday, in adopting the majority report of the Committee to investigate the late difficulty between the whites and blacks at Camilla. The motion was lost, by a large vote.

The report circulated, that it is believed that arms were brought to Albany, recently and consigned to Rust, Johnson & Co., and sent to Camilla, is denied in a card published by one of the firm in an Atlanta paper. Capt. Rust says no guns were consigned or received by the firm, except four, that were bought on private account, and are now, and were on Saturday last, in possession of the firm at Albany.

FROM ALABAMA.

MONTGOMERY, Sept. 23, P. M.

Gov. Smith and five Republican members of the Legislature left for Washington, this morning, with the memorial to the President, asking for troops.

The Democrats are holding an indignation meeting, to-night, and denounce the language of the memorial as false. They have no objection to the presence of the soldiers, but object to the memorial, as a slander on the white people of Alabama.

The Republicans are holding a meeting to-night. Very few present.

The Legislature did nothing to-day.

VEGETABLE PILE OINTMENT.

TO THE PUBLIC.

FOR 25 YEARS I was sorely afflicted with the Piles. After trying every remedy I could hear of and failing to receive any benefit, in 1857, I discovered a remedy, purely vegetable, which effected an entire cure, and I have had no return of it.

Anxious to relieve the afflicted and to promote my own benefit, I made public my discovery and had the gratification to know that my remedy cured a large number of persons. My ointment was advertised in the public prints and I met with great success, until the war came on.

By the advice of friends, I have determined again to manufacture the OINTMENT and offer it for sale. Any number of certificates of its value could be obtained if necessary.

Price of box $1, and postage. (fifteen cents.) As soon as I can make arrangements I will put it in the hands of the druggists of the State.

Valuable Farm for Sale.

I OFFER FOR SALE that well known and desirable Farm, formerly owned by R. W. Edmundson, near Mantle-berg, Wilson County, N. C. It is situated on the County Road leading from Goldsboro' to Tarboro. The Tract contains

435 ACRES,

of which 365 are cleared and in a fine state of cultivation. Plenty of MARL, easy of access. A good variety of Fruits and Vineyards, good Water, a healthy locality and intelligent and refined society. Dwelling House with 8 commodious rooms, nearly new. All out-houses necessary on a Farm.

The Farm is adapted to the growth of COTTON, CORN, VEGETABLES, and everything else usually grown in this section. It is located 7 miles from the W. & W. R. R., and is certainly one of the most beautiful situations in Eastern Carolina. I deem further description unnecessary as no one would purchase without looking for himself. Come and see growing crop, without fertilizers or compost.

TERMS:—$2,000 cash, (currency,) and 100 bales of Cotton, (425 lbs. per bale,) payable in three annual instalments, with interest computed on Cotton at 15 cts. per lb. I have no hesitation in saying that I believe 100 acres in Cotton will pay the entire Cotton in two years. It is a rare chance for a good investment. Such property is seldom put in market. I am not confined exclusively to the above terms. The subscriber or Mr. Edmundson will take pleasure in showing the property to those wishing to purchase.

THE UNIVERSAL LIFE INSURANCE COMPANY,

NEW YORK.

Office, No. 69, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the STOCK system of Life Insurance, as opposed to the MUTUAL, is a low rate of premium for a stated sum assured, which is IMMEDIATE, SECURED, and CERTAIN; in lieu of a high rate of premium for a promised dividend which is DISTANT, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the "Universal" the sum of $11,751, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,474.

The difference between these sums ($3,277) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy in case of the early death of the insured. It is true that if the insured, in an office charging high rates, live long enough, and have his periodical dividends added to his policy, the sum may equal or surpass that above named; but it must not be forgotten that the *chance of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured, contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms, it may be stated that by a reduction of *twenty-five* per cent in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent greater, and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an *annual cash dividend of thirty-three and one-third per cent., payable in advance*, or to a dividend of *forty-five per cent*, payable at the end of five years.

By the *Stock* plan the *full cash effect* of the premium is *immediately* secured to the insured, the Company taking *all* the risk. By the *Mutual* plan, the full value in insurance of the premium paid is *not* secured to the policy-holder, who takes a portion of the risk himself.
